Customer

I have read and noted this Confirmation of Fitting/Guarantee, the customer information and the terms of guarantee/warranty printed overleaf.

Date, signature

Kelleners-Dealer

We hereby certify that the Kelleners Product has been properly fitted.

Date, signature, company stamp

- In accordance with the provisions on the reverse, Kelleners assumes a guarantee of durability for the component specified in detail above, as well as in respect of the drive train (motor, rear axle differential, gears, cardan shaft and axle drive shaft). In respect of the component, the guarantee is valid for three years, till a max. mileage of 100,000 km from the date of installation on. In respect of the drive train the guarantee is valid for two years, till accumulated total running time of 100,000 km from the date of initial registration on; in this respect it is valid only in relation to the vehicle into which the component was originally fitted.
- Installation of the component alters the state of the vehicle. Therefore, the extra performance

- capacity must be reported to the insurer. The vehicle must be reassessed by the registration office in accordance with statutory road traffic regulations (TÜV, DEKRA). The installation must be noted on the vehicle registration paper.
- Kelleners' guarantee in respect of the drive train will lapse if the workshop maintenance intervals recommended by the vehicle manufacturer, or the vehicle manufacturer's operating instructions, are not observed.
 - Kelleners' guarantee vis-à-vis the customer is in addition to the customer's other (statutory or contractual) warranty entitlements vis-à-vis the seller in question, and does not limit these in any way.
